Location: Dindigul, Tamil Nadu, India

PROFESSIONAL SUMMARY

Full Stack Developer and Software Engineer with proven enterprise experience architecting high-throughput microservices, low-latency React interfaces, distributed databases, and responsive digital products. Specialized in Java, Spring Boot, Python, React.js, and API Gateway architectures.

PROFESSIONAL EXPERIENCE

1. TECHZON WIDE PVT. LTD. - Bangalore, India (Jun 2026 - Present)

Role: Full Stack Developer & Team Lead

- * Architected enterprise microservices in Java and Spring Boot with React.js frontends.
- * Engineered high-throughput REST APIs and async pipelines, reducing latency by 32%.
- * Configured API Gateway, authentication filters, and monitoring, ensuring 99.9% uptime.
- * Led bi-weekly Agile sprints, technical specifications, and API schemas.

2. KIEYVERSE - Remote (Feb 2026 - Jul 2026)

Role: Full Stack Web Developer Intern

- * Built reusable mobile-first React.js components using JavaScript ES6+, HTML5, CSS3.
- * Reduced page-load latency by 28% and improved engagement metrics by 22%.
- * Documented frontend architecture standards and component design guidelines.

3. DOT COM INFOWAY - Madurai, India (2025)

Role: Web Development Intern - React / Full Stack

- * Developed modular React user interfaces connected to backend REST APIs.
- * Improved asynchronous data rendering speed by 25% across complex data tables.
- * Resolved 40+ software defects and authored automated unit tests.

4. MITA IT AUTOMATIONS PVT. LTD. - Dindigul, India (2024)

Role: UI/UX & Web Development Intern

- * Designed user journeys, interactive wireframes, and responsive prototypes.
- * Accelerated prototype-to-production implementation speed by 30%.

EDUCATION

* SSM INSTITUTE OF ENGINEERING AND TECHNOLOGY - Dindigul, India (2022 - 2026)

B.Tech in Computer Science and Business Systems | CGPA: 8.6 / 10

* ST. MARY'S HIGHER SECONDARY SCHOOL - Dindigul, India (Graduated 2022)

Higher Secondary Certificate (HSC) - Science & Mathematics

KEY TECHNICAL PROJECTS

- * KIEYVERSE: Corporate Digital Marketing Platform (React.js, ES6+, SEO)
- * LUXURY.RAW: High-Concurrency Luxury E-Commerce Engine (Spring Boot, Java, React, SQL)
- * TECH LMS: Learning Management System with Automated KYC Pipelines (Spring Boot, Python, React, Mongo)
- * REAL-TIME V2V: Vehicle-to-Vehicle Socket Telematics Network (Python, Sockets, IoT)
- * SOCIAL CONTENT SCHEDULER: Content Strategy & Publishing Platform (React, Spring Boot, PostgreSQL)
- * AGRI-COMMERCE: Produce Exchange with Predictive Weather Analytics (React, Spring Boot, MySQL)

CERTIFICATIONS

- * Python Using Data Structures - CodeTantra
- * Applied Generative AI - Infosys Springboard
- * RPA Foundation Course - Naan Mudhalvan
- * Zoho Young Creator Program - Zoho Corporation
- * React Web Development Internship Certification - Dot Com Infoway Ltd.
